

MasterPrinter

MP-666

Masterprinter™

For the master printer. Over the past 25 years these ruggedly constructed machines have built a reputation of being maintenance free, holding perfect registration and of having the finest "direct drive" micro adjustment system available. MasterPrinters are equipped with every convenience that an experienced press operator will be sure to appreciate.

Features include X-Y-Z microregistration, quick release platens, hardened-steel registration gate and heavy-duty construction. All of these things are demanded by high end printers for perfect prints and ease of use.
